

- Mechanism of Calculating the Chances:

	Calculating Chances Details	Earned Chances	
Basic Chances	Minimum Account balance of JOD 500	10 Chances	
	For each extra JOD 25	1 Chance	
Additional 100 chances are given for customers who meet the below criteria:			
1	At least one year of dealing with the Bank	100 Chance	
2	The minimum account balance should not be less than JD1,000 during the year.		
3	The customer have not won any savings accounts prizes during the year.		
Additional chance are given based on the age of the account	For each deposit with a value of JD500 or more, the customer will get 10 chances for retaining the same deposited balance from the depositing date and up to the draw date. Moreover, the customer will get 3 extra chances for each month after the depositing month if he/she maintains the initial balance without any withdrawals. If the customer withdraws any amount from the initially deposited amount he/she will not be entitled to get the additional chances and the process of calculating the chances starts again with the new balance.	Minimum	Maximum
		10	40
The Maximum Number of Chances	For savings account with minimum balance of JOD 500 and above	3000 Chance
